ASSOCIATION

Support Group Interest Survey

This survey is designed to identify topics you are interested in learning more about related to Parkinson disease. Please note that your name is not required and this short survey is solely meant for the purpose of providing WPA feedback for review to assure that our educational programs are meeting the needs of the PD community.

Please check all topics you would like to learn more about at support group meetings or WPA educational programs:

- | | |
|--|--------------------------------------|
| Local community resources | Talking to friends & family about PD |
| Respite care/support services | Financial assistance |
| Depression & emotional health | Estate planning & other legal topics |
| Anxiety | Stress management |
| Memory problems/mental focus | Dementia |
| Grief - changes and loss in PD | Long-term care planning |
| Exercise | Medications & side effects |
| Sleep | Constipation & urinary problems |
| Nutrition | Research & current news |
| Fall risks & balance | Communicating with your physician |
| Speech & swallowing issues | Deep brain stimulation surgery |
| Alternative medicine | |
| Medicare | |
| Social opportunities with the PD Community | |
| Vision problems | |

Please list additional suggestions here:
